## **Eagle Consulting Group Hires New SQL Database Administrator**

**Press Release**

New York City—August 8, 2005 – Eagle Consulting Group, Inc. today announced the hiring of Joyce Liu as a SQL Database Administrator. Ms. Liu’s primary responsibilities will be to assist clients running Sage MAS 500 in the setup, administration, and support of their SQL databases, and to expand the capabilities of the Sage MAS 500 product line through scripting, third-party integrations, and new development projects.

“Joyce possesses a high level of expertise with both the Sage MAS 500 ERP software as well as SQL database administration,” explained Debra Ellis, president of Eagle Consulting Group. “Her experience with Sage MAS 500 is recent, relevant, and extensive. In addition to routine administration tasks, Joyce can help our clients implement new development and integration projects that enhance both the usability and the value of Sage MAS 500.”

Prior to joining Eagle Consulting Group, Ms. Liu served as a SQL database administrator for a company that utilized Sage MAS 500. Before that, Mr. Liu worked directly for another Sage Business Partner that sold and supported the Sage MAS 500 product line.

“I enjoy helping clients define what they want out of their systems,” said Ms. Liu, “And then designing creative ways to accomplish what they want within their budget.”

Ms. Liu earned a Masters degree in Management Information Systems from Utah State University. Her undergraduate studies were completed in Taiwan. She is married and is expecting her first child in December of this year.
